Clinics - Beginner (Newbie – 2.5) and Intermediate (2.5+)

For players new to the game or players looking to improve their skills.

Advanced Tactics for Intermediate Players Clinic

This clinic will introduce skills and strokes to raise the level of your game. Each class will feature drills for kitchen play, court positioning, two-handed backhand, shadowing, top spin, ball placement; ball speed ups....

Round Robin

Round robin is for playing games and rotating partners.

Levels of Play for Round Robin

Players should self-select their appropriate level of play. If you find you're winning consistently you should move up. If you're being outplayed, losing consistently, you should move down. Pickleball is more fun and enjoyable when teams pair off against teams of near-equal abilities. If you want to improve your game against better players, find an experienced partner willing to help you get better through play.

- **Novice (2.5)/Low Intermediate (3.0)** - Mid-level and inexperienced players looking for recreational play.
- **High Intermediate (3.5)+** - Experienced and skilled players looking for a higher level of competition.
- **Mixed** - Open to all levels. Transitional mixed times are intended for players to 'mix it up' with other skill levels to 'play up'.
