

# Pickleball Schedule

## Sept 5, 2023 – June 10, 2024

Latest revision 9/22/2023

### Beginner (Newbie – 2.5) & Intermediate (3.0-3.5) Clinics

For players new to the game or players looking to improve their skills.

### Round Robin

Round robin is for playing games and rotating partners.

### Levels of Play for Round Robin

Players should self-select their appropriate level of play. If you find you're winning consistently you should move up. If you're being outplayed, losing consistently, you should move down. Pickleball is more fun and enjoyable when teams pair off against teams of near-equal abilities. If you want to improve your game against better players, find an experienced partner willing to help you get better through play.

- **Novice (2.5)/Low Intermediate (3.0)** - Mid-level and inexperienced players looking for recreational play.
- **High Intermediate (3.5)/Advanced (4.0)** - Experienced and skilled players looking for a higher level of competition.
- **Mixed** - Open to all levels. Transitional mixed times are intended for players to 'mix it up' with other skill levels to 'play up'.
